

Braufrische Biere
freshly brewed beers

King's Gold

1/2 ltr.

\$ 5

*This traditional Munich Lager is a medium bodied, unfiltered, malt emphasized beer with low bitterness. Malt character is reminiscent of freshly and very lightly toasted malt barley, with the typical light golden color.
It compliments all pork dishes and sausages.*

King's Weizen

1/2 ltr.

\$ 5

*Our unfiltered natural highly carbonated wheat beer is mashed with 66% wheat malt. Hop character is light in bitterness, flavor and aroma. Slight yeast flavor is present, but does not overpower the balance of malt and hops.
Very well with sausages, fish and chicken.*

King's Oktoberfest

*This original unfiltered lager is characterized by a medium body and a deep golden color. The sweet maltiness is mild with an equalizing balance of clean hop bitterness.
It pairs especially well with all our beef dishes and even desserts.*
